Dear Sir(s),

Subject: Launch of Osimertinib Tablet 40 mg and 80 mg (Tagrisso™) in India

We refer to our communication dated May 29, 2017 with regard to the receipt of import and market permission in Form 45 (Marketing Authorization) from Drug Controller General of India for Osimertinib Tablets 40 mg and 80 mg (Tagrisso™).

With regard to the same, we now wish to update that AstraZeneca Pharma India Limited will launch Osimertinib 40 mg and 80 mg (Tagrisso™) in India on July 27, 2017.

Osimertinib 40 mg and 80 mg (Tagrisso™) is an oral anti-cancer drug for management of lung cancer. It is indicated for the treatment of patients with metastatic epidermal growth factor receptor (EGFR) T790M mutation-positive non-small cell lung cancer (NSCLC), as detected by an appropriate test, whose disease has progressed on or after EGFR TKI therapy.

Osimertinib (Tagrisso™) is the product of AstraZeneca group and has been approved in over 45 countries, including US, EU, Japan, China and other Asian countries.

Kindly take the same on record.

For AstraZeneca Pharma India Limited

Pratap Rudra
Company Secretary & Legal Counsel
